

Discover the World Every Day

Vers 1

At ISJ we're on a journey every day
We travel all around the world while at school we stay
We have a fællesskabssprog it's called Denglish, it's so fun
Want to play in frikvarter? Let's have a legeaftale!
It is confusing, but it's hyg'ligt, and we make it work!

Omkvæd

Discover the world every day
Discover the world every day
Come join our journey, find your way
Discover the world every day
Discover the world every day

Vers 2

At ISJ we're on a journey endlessly
We try new food, we share our thoughts, agree and disagree
You don't stand out no matter what you eat or how you look
Everyone is different - yet the same at heart
It is amazing to discover, we can make it work!

Discover the world every day ...

Vers 3

At ISJ we do know the journey ends
We'll ring the bell, we'll set new goals and then we will ascend
Anywhere on Earth could be a possibility - oh oh
Global citizens are our identity
It is exciting and wherever, we will make it work!

Discover the world every day ...
